Pain, 42 (1990) 394–397
Elsevier

Contents to Volume 42 (1990)

Number 1 — July 1990

CLINICAL SECTION

Review Articles

Pharmacological versus non-pharmacological prophylaxis of recurrent migraine headache: a meta-analytic review of clinical trials
K.A. Holroyd and D.B. Penzien (U.S.A.) 1

Clinical judgments in pain management
J. Lander (Canada) 15

Research Reports

Clinical and instrumental evaluation of sensory function before and after percutaneous anterolateral cordotomy at cervical level in man
J. Lahuerta, D. Bowsher, J. Campbell and S. Lipton (U.K.) 23

Evaluating the efficacy of EMLA in alleviating pain associated with lumbar puncture; comparison of open and double-blinded protocols in children
J. Kapelushnik, G. Koren, H. Solh, M. Greenberg and L. DeVeber (Canada) 31

Low dose amitriptyline in chronic pain: the gain is modest
F.G. Zitman, A.C.G. Linssen, P.M. Edelbroek and T. Stijnen (The Netherlands) 35

Clinical Note

Pain relief achieved by transcutaneous electrical nerve stimulation and/or vibratory stimulation in a case of painful legs and moving toes
R. Guieu, M.F. Tardy-Gervet, O. Blin and J. Pouget (France) 43

BASIC SECTION

Editorial Comments

A genetic factor in the reaction of rats to peripheral nerve injury
P.D. Wall (U.K.) 49

Research Reports

Heritability of symptoms in an experimental model of neuropathic pain
M. Devor and P. Raber (Israel) 51

Adrenal medullary implants in the rat spinal cord reduce nociception in a chronic pain model
J. Sagen, H. Wang and G.D. Pappas (U.S.A.) 69

Comparison of the influence of rostral and caudal raphe neurons on the adrenal secretion of catecholamines and on the release of adrenocorticotropin in the cat
D.A. Bereiter and D.S. Gann (U.S.A.) 81

Interactions between substance P, calcitonin gene-related peptide, taurine and excitatory amino acids in the spinal cord
D.H. Smullin, S.R. Skilling and A.A. Larson (U.S.A.) 93

Antinociception and cardiovascular responses produced by electrical stimulation in the nucleus tractus solitarius, nucleus reticularis ventralis, and the caudal medulla
S.A. Aicher and A. Randich (U.S.A.) 103

Leakage of fluid administered epidurally to rats into subcutaneous tissue
J.L. Plummer, P.L. Cmielewski, G.K. Gourlay, D.A. Cherry, M.J. Cousins, P.F. Szep and R.P. Davies (Australia) 121

LETTERS TO THE EDITOR

'Non-cardiogenic pulmonary edema after narcotic treatment for cancer pain,' by Bruera and Miller (*Pain*, 39 (1989) 297–300)
I.M.C. Clarke (Canada) 125
Response to Dr. I.M.C. Clarke's letter concerning our paper 'Non-cardiogenic pulmonary edema after narcotic treatment for cancer pain'
E. Bruera (Canada) 127

Number 2 — August 1990

Guest Editorial
Towards physiologically based treatment of patients with neuropathic pain
M.B. Max (U.S.A.) 131

CLINICAL SECTION

Research Reports
The selective serotonin reuptake inhibitor paroxetine is effective in the treatment of diabetic neuropathy symptoms
S.H. Sindrup, L.F. Gram, K. Brøsen, O. Eshøj and E.F. Mogensen (Denmark) 135
Study of verbal description in neuropathic pain
F. Boureau, J.F. Doubrère and M. Luu (France) 145
Psychosocial correlates of temporomandibular joint pain and dysfunction
R.F. Schnurr, R.I. Brooke and G.B. Rollman (Canada) 153
Quantification of biomedical findings of chronic pain patients: development of an index of pathology
T.E. Rudy, D.C. Turk, S.F. Brena, R.L. Stieg and M.C. Brody (U.S.A.) 167
Is emotional disturbance a precipitator or a consequence of chronic pain?
A. Gamsa (Canada) 183

Clinical Notes
Epidural haematoma requiring surgical decompression following repeated cervical epidural steroid injections for chronic pain
K.N. Williams, A. Jackowski and P.J.D. Evans (U.K.) 197
Temporary increase in leg pain resulting from lumbar sympathetic blockade
P.W. Johnson and R.L. Carpenter (U.S.A.) 201

BASIC SECTION

Research Reports
Transsynaptic degeneration in the superficial dorsal horn after sciatic nerve injury: effects of a chronic constriction injury, transection, and strychnine
T. Sugimoto, G.J. Bennett and K.C. Kajander (Japan, U.S.A.) 205
Potent and long lasting antinociceptive effects after injection of low doses of a mu-opioid receptor agonist, fentanyl, into the brachial plexus sheath of the rat
V. Kayser, D. Gobeaux, M.C. Lombard, G. Guilbaud and J.M. Besson (France) 215
Intrathecal etorphine, fentanyl and buprenorphine on spinal nociceptive neurones in the rat
A.H. Dickenson, A.F. Sullivan and H.J. McQuay (U.K.) 227
The formalin test in mice: effect of formalin concentration
J.H. Rosland, A. Tjølsen, B. Mæhle and K. Hole (Norway) 235
Quantitative evaluation of hypnotically suggested hyperaesthesia and analgesia by painful laser stimulation
L. Arendt-Nielsen, R. Zachariae and P. Bjerring (Denmark) 243

LETTERS TO THE EDITOR

A model of peripheral mononeuropathy in the rat
H. Hirata, A. Pataky, K. Kajander, R.H. LaMotte and J.G. Collins (U.S.A.) 253
Reply to Dr. Hirata and his colleagues
G.J. Bennett and K.M. Hargreaves (U.S.A.) 255

Response to letter to the editor by P.W. Nathan (*Pain*, 40 (1990) 239–240)
M. Levitt (U.S.A.) 256
Clinical assessment and interpretation of abnormal illness behaviour in low back pain, G. Waddell, I. Pilowsky and M. Bond, *Pain*, 39 (1989) 41–53
M.S. Margoles (U.S.A.) 258
Non-anatomical symptoms and signs: a response to critics
G. Waddell, I. Pilowsky and M. Bond (U.K.) 260

Book Review 262

Number 3 — September 1990

OBITUARY

William Noordenbos, 1910–1990
P.D. Wall (U.K.) 265

CLINICAL SECTION

Research Reports
Changes in thermal and mechanical pain thresholds in hand amputees. A clinical and physiological long-term follow-up
L.K. Wahren (Sweden) 269
Recurrent pain, illness intrusiveness, and quality of life in end-stage renal disease
G.M. Devins, S.J. Armstrong, H. Mandin, L.C. Paul, R.B. Hons, E.D. Burgess, K. Taub, S. Schorr, P.K. Letourneau and S. Buckle (Canada) 279
Health locus of control, gender differences and adjustment to persistent pain
S.P. Buckelew, M.S. Shutty, Jr., J. Hewett, T. Landon, K. Morrow and R.G. Frank (U.S.A.) 287
Neonatal facial and cry responses to invasive and non-invasive procedures
R.V.E. Grunau, C.C. Johnston and K.D. Craig (Canada) 295

Clinical Note
Treatment of reflex sympathetic dystrophy with topical capsaicin. Case report
W.P. Cheshire and C.R. Snyder (U.S.A.) 307

BASIC SECTION

Research Reports
Effects of lesions in the anterolateral columns and dorsolateral funiculi on self-mutilation behavior in rats
N.E. Saadé, S.F. Atweh, S.J. Jabbur and P.D. Wall (Lebanon, U.K.) 313
Receptor changes in the spinal cord of sheep associated with exposure to chronic pain
S.A. Brandt and A. Livingston (U.K.) 323
Effects of chronic clomipramine on central DADLE antinociception
F.J. Goldstein, R.T. Malseed and J.F. Nutz (U.S.A.) 331
Characterization of descending inhibition and facilitation from the nuclei reticularis gigantocellularis and gigantocellularis pars alpha in the rat
M. Zhuo and G.F. Gebhart (U.S.A.) 337
Transcranial electrical stimulation with high frequency intermittent current (Limoge's) potentiates opiate-induced analgesia: blind studies
L. Stinus, M. Auriacombe, J. Tignol, A. Limoge and M. Le Moal (France) 351
Induction, blockade and restoration of a persistent hypersensitive state
S.H. Ferreira, B.B. Lorenzetti and D.I. De Campos (Brazil) 365
The influence of warning signal timing and cognitive preparation on the aversiveness of electric shock
T. Mittwoch, M. Weisenberg and M. Mikulincer (Israel) 373

LETTERS TO THE EDITOR

Does intravenous methadone provide longer lasting analgesia than intravenous morphine?
G.K. Gourlay, J.L. Plummer, D.A. Cherry and M.J. Cousins (Australia) 383
Does intravenous methadone provide longer analgesia than intravenous morphine? Response
L. Grochow, V. Sheidler and S. Grossman (U.S.A.) 385
Does capsaicin relieve the pain of diabetic neuropathy?
D.A. Chad, N. Aronin, R. Lundstrom, P. McKeon, D. Ross, M. Molitch, H.M. Schipper, G. Stall, E. Dyess and D. Tarsy (U.S.A.) 387
